Prince Now Is Acclaimed Egypt King

PRINCE FAROUK Sixteen-year-old Prince Farouk, son and heir of King Fuad I of Egypt. He was summoned to the throne.

Fuad Buried As Son Takes Over Throne

LONDON, April 30.—Farouk, now King of Egypt, left for Cairo today. The 16-year-old sovereign, succeeded his late father, King Fuad.

CAIRO, April 30.—King Fuad I, Egypt's first constitutional monarch, was entombed in the Royal mosque at Al-Farouk today after being borne from Al-Farouk in a gun carriage draped with the national flag, through the heart of his capital.

Two squadrons of Egyptian army planes circled over the procession, in which no women participated, the roar of the motors mingling with the wailing cries. "The King is dead. Long live the King."

"Meanwhile the new King, his son, the 16-year-old Farouk, was in London. He went to Buckingham Palace while the funeral procession was passing through Cairo, and was crowned with King Edward for half an hour."

King Farouk was expected to leave London later for Cairo, his studies in England cut short by his accession to the Egyptian throne.

A crowd packed six deep on each side of the Cairo streets as King Fuad made his last journey through the capital.

Food-round Residents in North Fear For Safety

Clearwater Ice Break-up Still Holds Menacing Hand Over Colony of Residents Between Waterways and Ft. McMurray
FORT McMURRAY, April 30.—The Clearwater ice break-up still holds a menacing hand over the homes of the small colony of residents of The Prairie, a cluster of cabins on the low land between Waterways and McMurray.

When the Athabasca ice broke and jammed at several points in the evening eight days ago, the white and blue residents of the Prairie, before the flood, dark had fallen and they could save nothing but a few clothes and their live-lives, which they turned down from barns and corals and drove to the higher land.

Throughout that first night, they made what shift they could to camp in the open on the damp and muddy ground, building roaring camp fires on which they piled fuel all night to keep warm.

Driven from all they possessed, they strained to watch the swirling waters in the blackness below where the roaring ice ground and smashed their small shacks and cosy cabins.

LIVE IN TENTS
Next day, tents and camping equipment were supplied to them from McMurray and since that time they have lived in this manner.

The waters of the Athabasca, backed up the Clearwater by the ice jam which extends from one side of the river.

Moose River Mine Tragedy Aired Hotly in N. S. Legislature

HALIFAX, April 30.—The butions were off the foils in the legislature Wednesday as Hon. Michael Dwyer, minister of mines, and Hon. G. S. Harrington, leader of the opposition, clashed over the Moose River gold mine cave-in.

Charges that the mine had not been inspected although the department knew a mill was operating at Moose River came from the opposition leader after the minister of mines had asked for an explanation of a newspaper story quoting Col. Harrington.

The battle started when Hon. Michael Dwyer read a clipping from the Toronto Globe of April 23. The Globe report detailed H.A. Reaframed threat.

"Speaking to the Globe in the picturesque Nova Scotia legislature, just a few minutes before the session convened this afternoon, the Hon. George S. Harrington, leader of the opposition, reaffirmed his threat for a searchlight into the circumstances connected with the Moose River mine cave-in."

"He hinted political futures of several government officials might be terminated by the disclosure of the circumstances of the cave-in, the investigation would not be pressed for some time. One of the questions

LEAVE BET HEAR-TIGHT FOR BALLOTING NIGHT OFF-SUNDAY

**Radical-Socialists Prove
Loyalty to Popular Front
in the Vast Majority of
Cases.**

PARIS, April 30.—As final preparations for the election of Sunday's run-off election drew toward a close last night, the writer of the five-day, 10-day party centrist appeared to be giving way to a clear-cut fight between left and right.

In the vast majority of cases, Radical-Socialists, Socialists and Communists in each district proved their loyalty to the Leftist Popular Front by quitting the contest in favor of the left-wing candidate, gaining the largest individual vote last Sunday's poll.

TO REJECT DISCIPLINE
Only 20 Radical-Socialists rejected party discipline and remained in the field against Popular Front candidates who had topped them in the earlier ballot.

Most of the "rebels" are provincial candidates. In Paris the Radical-Socialist group yesterday agreed to withdraw its name in favor of the Communist and one Socialist. The sole exception in the capital area was M. Martinet-Dupont, Radical-Socialist ex-cabinet member who belongs to the right wing of his party and has long fought the popular front.

PROMISED SUPPORT
The Paris Socialists have promised their support to the Popular Front candidates, with the prospect that at least 30 chamber seats will be won by the party in the run-off.

The Leftist strategy, whereby all parties are to line up behind the strongest candidate, promises to bring a victory against the "national front" opposition in the final vote, political observers declared.

Land Settlement Aid Relief Means Praised, Condemned

OTTAWA, April 30.—Land settlement as a means of unemployment relief was both praised and condemned in the House of Commons yesterday as Labor Minister Rogers sought approval of a vote of \$500,000 to expand land settlement schemes.

Mr. James Macphail (C.O.F.) said that the scheme was a ridiculous to place unemployed on the land when many good farmers were being driven from the land. J. P. Pouliot (Lib., Temiscaming) criticized construction schemes in the province of Quebec and J. R. MacNeil (Cons., Toronto-Danforth) portended of a personal survey he had made of rural settlements in Ontario.

The scheme was not a new one, said Mr. Rogers. It had been carried on for a number of years in co-operation with other provinces, who selected the settlers and the land and arranged all details. Of the settlers in place 80 per cent had remained on the land and he expected this percentage to be encouragingly high.

TORIES STILL LOWING \$6,000 ON RADIO FEES

Political Broadcasts Were
Treated as Commercial
Business

OTTAWA, April 30.—Political broadcasts handled by the Canadian Radio Commission during the last general election campaign were treated in exactly the same manner as other commercial business, an official of the Commission told the house committee on radio Wednesday.

Walter E. Powell, commercial manager, testified the Conservative party still owed the Commission \$6,000 for line services in National network broadcasts. He was confident it would be paid.

Previous accounts for the Conservative broadcasts had been paid, in some instances, to former Prime Minister Bennett, the witness said, but he was quite sure the cheques that had been received on the account had not come from Mr. Bennett. It was indicated the commission's chief accountant would be questioned on this point at a later session.

There was some confusion of the evidence with regard to the billations between the commission and the Conservative party but Mr. Powell said the Commission had acted as an agent for the party in arranging broadcasts and received a commission for its services.

**C.P. Limer Will
Be Featured In
Film Prologue**

VANCOUVER, April 30.—The 22nd annual Canadian Pacific film "Empire of the Air" will be featured in a prologue to the British Columbia film festival, which is based on Allan Sullivan's romantic story of a Canadian hero who constructed the Canadian Pacific from fifty years ago.

In the prologue will be scenes of ships, trains, and other scenes showing the ramifications of the Canadian Pacific today and the scene will dissolve into a close-up of the Canadian Pacific flag.

On Labor Day, 1934, John Ward with a party of five who had been on the ship, a mile and a half south of Halcyon, made an attempt to swim and, after Miss Hilda Ward and Miss Gladys Brown made unsuccessful attempts to aid him, the boy plunged in and drowned the man to shore. He stored him to consciousness by artificial respiration.

A year later, Murphy reported the deed to the Grande Prairie acoustician, who had not heard of it.

TWO TREKKERS ACQUITTED OF RIOT CHARGES

Defence Wins First Victory
in Regina Trial On
Wednesday

REGINA, Sask., April 30.—First defence victory for the Regina Trekking Club was won Wednesday evening when a King's Bench jury found Joe Myrnie, of Kimberley, B.C., and Sam Courty of Vancouver not guilty of rioting.

But a third man, Jack Kyle, Winnipeg, was found guilty of rioting. He was sentenced to six months in jail.

ELICTRIFIED COURT
Before being sentenced, Kyle electrified the court by a short address in which he declared his innocence and said, "I am just as proud to be a member of the Regina Trekking Club as I am to be a Canadian citizen."

When the verdict was read to the court, Kyle, who was found guilty of rioting, was sentenced to six months in jail.

Next trial, the sixth, is that of the Regina Trekking Club, which was found guilty of rioting. The club was sentenced to six months in jail.

SIGNS, SULKS AND SUKS DEVELOPMENT OF FISH MARKS WILL BE AIM

To Be Attempted Through
Vote of \$200,000 Passed
in Parliament

OTTAWA, April 30.—Development of the domestic and foreign markets for Canadian fish will be attempted through a vote of \$200,000 passed in the house of commons Wednesday. It was in addition to the vote of \$300,000 for needy fishermen.

Part of the money will be spent in newspaper advertising to draw the people to the good qualities of Canadian fish. Fisheries Minister Michael said.

MINIMUM FISH PRICE
Robert Finn (Lib., Halifax) renewed his suggestion of minimum prices for fish with the government, saying the difference between it and the prevailing price as it does for other commodities.

Two British Columbia members, Thomas Reid (New Westminster) and A. W. Neill (Fort Comby) agreed the problem came from the fact that the market is not cutting transportation costs to inland centers.

A. E. McLean (Lib., Prince) urged lower express rates for fresh fish.

PLAN NOT NEW
Conservative Leader Bennett said the plan to develop the fish industry was not new but had not been previously carried out in the past.

A more effective way of assisting the industry, Mr. Bennett believed, would be to develop some way of getting good fresh fish from the Atlantic coast to the market in the west, Montreal and Ottawa and from the Pacific coast to the prairie provinces.

The minister told the opposition that the plan was not new but had been carried out in the past. He said the plan was to develop the fish industry by getting good fresh fish from the Atlantic coast to the market in the west, Montreal and Ottawa and from the Pacific coast to the prairie provinces.

Commits Suicide**

Committee Succeeds
DUVERNAY, April 30.—Pioneer
the Two Hills district and
landfather, John Dronyk, aged
80, committed suicide by
hanging himself in his granary
Saturday night. Mr. Dronyk lived
one and was said to be suffering
heavily from illness which he had
for a long time.
Early Sunday morning his grand-
children went to visit him on his
farm, where he lived from on his
property found him hanging in his
granary. They cut him out of the
granary. Constable Stanton, R.C.
P. attended to details of formal
inquiry into the death.
Mr. Dronyk's suffering is believed
to be the cause of his death.

Cutty Sark Club Receives Acknowledgment of Suggestion From Premier

A suggestion offered by the Ed-
monton branch of the Cutty Sark
Club that sailing vessels now laid
up in Atlantic and Pacific ports
should be utilized by the Govern-
ment as training ships for the un-
employed youth of Canada, has met
with recognition by Mr. H. W. L.
Macdonald, Prime Minister of Canada.

In a letter the Skipper, J. G. Wal-
ker, of the Edmontons, wrote the
Secretary to the Premier, Mr.
Rogers, has written:

"The Prime Minister has asked
me to acknowledge receipt of the
letter signed by Mr. Roger A.
Macpherson and yourself.

In reply, Mr. King wishes to
thank you for acquainting him
with the suggestion contained in
your communication, which have
been carefully noted.

"By Mr. King's direction, I am
advised that the Honorable
Rogers, Minister of Labour, of
the views set forth in your letter
with reference to employment for
unemployed young men on sail-
ing vessels that are at present
being utilized."

In addition to using some of the
vessels as training ships for youths
wishing to follow a sea-faring life,
it is believed by the Club members
that other ships might be set aside
as refectory ships for the delin-
quent youths who have the bene-
fit of healthy open-air life, dis-
cipline and training, with better
advantages than at the present
methods of confinement.

COMMITTEE APPOINTED
A committee of the club has
been appointed to study the mat-
ter with advice and publicity on
the humanity and value of estab-
lishing these sea training ships for
Canadian unemployed youth.

At the last meeting of the Club
held on Tuesday night, Capt. J. T.
Laidlaw, a letter from the Hon. old
friend Capt. Walker, skipper of the
famous fishing craft, "Bluenose,"
in which Walker said it had been
decided not to take the Bluenose
aboard to Vancouver for the Jubilee
Celebration, owing to the expense
of the trip and to the inability of
the cities of Vancouver and Victo-
ria to guarantee the cost of tak-
ing the vessel round to the B.C.
coast.

H. C. WATSON TO TAKE OVER NEW OFFICE WINNIPEG

H. C. Watson, manager of the
Edmonton branch of the National
Chain Registrar company, is
limited for the last 13 years
leaving shortly for Winnipeg where
he will take over a similar position
for the company. He will be suc-
ceeded by J. E. O'Brien, formerly
of Toronto.

Further information regarding
the transfer is expected to be given
by A. E. McLeod, the Toronto man-
aging director of the company who
is due to arrive here in the near
future.

Mr. Watson who came here in
1922 has been prominent in Y.M.
C.A. and Rotary work. He has no
definite word yet as to when he
will leave to take over his new
duties.

For Proposed Code

Schedule Approved by Representatives at Meeting With Government Industrial Standards Officer.

Meeting at the legislative buildings on Wednesday representatives of the carpenters and building trades approved of a wage scale of 75 cents an hour and a 44-hour week for the proposed code to be established under the Industrial Standards Act. A further meeting will be held on the subject.

The schedule was approved by representatives and employees of the General Contractors Association in conference with W. F. Howard, who is the government industrial standards officer.

On the return of H. E. C. Manning, minister of trade and industry, this schedule of rates of wages and working hours will be presented to him.

SCALE DIFFERS It is noted that the 75 cents an hour scale differs from the 80 cents an hour schedule being paid to the carpenters engaged in building construction.

The proposed schedule does not go far enough to embrace the provision which included a 44-hour week and higher wages are being paid by about 50 per cent.

CITY POLICE TO BE CITED FOR BRAVERY

Sutherland and Munro To Receive Honors for Spectacular Arrest

As a token of appreciation of the brave conduct shown by Chief Det. R. S. Sutherland and Det. Munro, who captured two armed criminals on Wednesday, the city police force will present the officers with an illuminated address in the near future. Council has already passed a resolution of appreciation in this respect.

Chief Det. Sutherland and Det. Munro showed exceptional courage when they overcame the thugs who had broken into the rooming house at 1201 10th street, and prevented them from escaping.

THIS LIST OF COMMODITIES SUBJECT TO TAXATION SHOULD BE KEPT HANDY FOR FUTURE REFERENCE—CLIP IT FROM PAPER

Alberta's Social Credit sales tax, which imposes a levy of two per cent on practically every retail purchase within the province, goes into effect when local business establishments open their doors Friday morning.

The salient principle of the Act, which is expected to add \$2,000,000 to government revenue annually, is that every person who purchases a commodity by retail for any purpose other than resale shall pay to the province AT THE TIME OF PURCHASE a tax of two per cent. This does not apply to PURCHASES OF LESS THAN FIFTEEN CENTS.

Method of computing the tax is as follows: The tax shall be computed on the price payable in respect of EACH SEPARATE purchase by retail.

Where several commodities are purchased on the same occasion and where part of the same transaction by the same purchaser, the tax shall be payable on the aggregate price of the commodities so purchased.

WATCH FRACTIONS Subject to provision of the act, where the price amounts to or includes a fraction of a dollar, the fraction shall be treated as a whole dollar.

Every person, partnership, association, firm, corporation or joint venture, selling or disposing of goods, wares or merchandise in Alberta, must, before May 1, 1936, apply to the province for a certificate of registration.

Schedule Approved by Representatives at Meeting With Government Industrial Standards Officer.

Meeting at the legislative buildings on Wednesday representatives of the carpenters and building trades approved of a wage scale of 75 cents an hour and a 44-hour week for the proposed code to be established under the Industrial Standards Act. A further meeting will be held on the subject.

The schedule was approved by representatives and employees of the General Contractors Association in conference with W. F. Howard, who is the government industrial standards officer.

On the return of H. E. C. Manning, minister of trade and industry, this schedule of rates of wages and working hours will be presented to him.

SCALE DIFFERS It is noted that the 75 cents an hour scale differs from the 80 cents an hour schedule being paid to the carpenters engaged in building construction.

The proposed schedule does not go far enough to embrace the provision which included a 44-hour week and higher wages are being paid by about 50 per cent.

Outscore Victoria Dominoes 47-36 In Dominion Playoffs

Western Champs Tied
From Trip Outplayed
By Easterners

By TED FARAH

WINDSOR, Ont. April 30.—The smooth-functioning Windsor-Ford defeated Victoria Dominoes 47-36 late last night in the first game of a best-of-five series for the Senior Canadian Men's Basketball championship and the right to represent Canada at the Olympics.

Dominos, champions of western Canada, will make the second start to retain the title here Friday night. They won the championship last year as Victoria Blue Ribbons.

Dominos fought from behind from the time Jimmy Stewart sank the first goal after one minute of play. At half-time, Ford led 20-10 and brilliant combination play enabled them to increase the margin during the second half.

SLIGHTLY FASTER
Ford, slightly faster than the lanky westerners, forced the pace throughout. They were headed by "Tots" Merewyk, outstanding forward, who did most to establish the first-half lead. Merewyk, checked by Charlie Chapman, broke from the Victoria guard for three quick baskets early in the half.

Dominos, apparently tired from their bruising western final against Wexford Oilers and the team in east, did not display the withering defense for which they are noted. The teams played rough, fast basketball and the Chapman brothers, Art and Charlie, led the Victoria fight. Dominos' punch was less in the second half when Charles Wexford Oilers and the team in east, did not display the withering defense for which they are noted. The teams played rough, fast basketball and the Chapman brothers, Art and Charlie, led the Victoria fight. Dominos' punch was less in the second half when Charles

The Western defense was weakened further when Doug Peck drew his fourth personal foul and banishment. At the opposite end, "Red" Warrman and Ted Dawson put up a stubborn front which Ford Dominoes found hard to penetrate.

LONG SHOTS
Backed by the forwards, Warrman and Dawson forced the Westerners to do most of their shooting from far out. They missed repeatedly from the centre court.

Merewyk was the high scorer of either side. Scoring from all angles Merewyk scored 16 points and was followed by Ian Allison with 10 and Julian Goldman with nine.

Up front, for Dominos, Percy Andrews and Art Chapman were hottest. Andrews whipped in 11 points and Chapman 10.

BOX SCORE
Windsor: Stewart, 16; Merewyk, 16; Chapman, 10; Allison, 10; Goldman, 9; Peck, 4; Dawson, 4.
Victoria: Dawson, 10; Peck, 10; Chapman, 10; Allison, 10; Goldman, 9; Peck, 4; Dawson, 4.

Aussie Davis Cuppers Prepared

En route to Forest Hills, where they will meet the United States in the finals of the American zone, Australia's 1966 Davis Cup tennis team is presently touring through Canada. The above players have travelled from Vancouver, where they first touched Canada, and

now are in Winnipeg for a short stay. They are reading from left to right: Vivian McCann, Clifford Spence, Manager, Adrian Quill and Jack Crawford. They are a happy quartet as pictured here.

WITH golf just beginning, and all other sports aside—with the exception of one further Canadian Grad series, local followers of the various sportive pastimes are taking more interest than ever in the major league baseball races and other long-distance entertainment.

Just what is to be done about baseball and soccer here this summer is something that has yet to be decided, though there is bound to be plenty of activity on Boyle Street's diamond.

Bill Douglas, perhaps the finest basketball referee of them all, has returned to the city to live, which is welcome news to local followers of the hoop sport. . . . Bill, until recently, has been living in Winnipeg, and has just finished handling the Western Canada men's finals between Winnipeg Tolars and Victoria Dominos.

They Don't Do Too Badly, Do They?

Max Schmeling, tugging out his chin in front of Joe Louis in June 1936, was one of those heavyweights who don't do so badly on this side.

Three invaders won the title—Bos Fitzsimmons, Schmeling, and Primo Carnera. If no one ever sees another foreign heavyweight, Fitzsimmons' memory may be something in the way of compensation for the fangs of many others. The lanky Comillean could fight plenty. Schmeling didn't have—and hasn't—much. Size let Carnera out.

Three foreign heavyweights got their chance, and missed. They were Georges Carpentier, Louis Arago, and Tom Heeney. In all, 24 natives have sent about 70 warriors to their deaths. There are amusing stories in connection with the great majority of them.

Peter Jackson was one of the best. This remarkable boxer was born at St. Croix, in the West Indies. He boxed Jim Corbett 61 rounds to a draw. John L. Sullivan wanted no part of him.

Charley Mitchell, a middleweight, tackled Sullivan and Corbett. Peter Maher, the Irishman, could punch.

Irish Prove Disappointing

Generally speaking, Irish heavyweights have been built—Pat Heeney, Con O'Brien, and the late, unlamented, Jack Doyle, who so quickly was convinced that crooning was a much safer occupation than boxing.

Germany sent Paul Simon, Franz Dierker, Rudy Wagner, Hans Semmrich, Ludwig Hayman, Ted Sanderson, Ernest Gohring, Hein Mueller, Hans Birke, and blond Walter Neuge, the chemist—a dime a dozen.

Italy shipped Erimio Spalla and his brother—I can't recall his first name. Arthur DeKirk, Roberto Roberti, Riccardo Bertazzolo, Salvatore Buzzone, and Giacomo Berzoni—can't recall the last.

Andres Balas and Robert Delphino didn't come close to making the money earned by their countrymen, Paulino Uzcudun, Jofredo Garcia, and Paulino. He is a Spanish Basque, but he isn't half as durable.

France was supposed to have been subsidized by the government of his native Portugal. If that was true, the good folks at home were cheated. Jose Santos was another Portuguese who copied Carnera and capitalized on his physical dimensions.

Holland had Jack Humbert, Otto Von Porst was the Norwegian entry. Sweden nominated Harry Persson. Denmark gave us a look at Knute Hansen, and Belgium offered Pierre Charles. Vinko Jankovic came from Lithuania. El Din Diah from Bayat, and Tony Founte from Mexico. Pietro Cori was an Australian. Don McCormick—a South African, and King Solomon a Panamanian.

In a way, that sort of stuff is not so interesting to Canadians, but then there are few of us that do not like to think, talk and read about boxing.

MAPLE LEAFS WIN 7-2 OVER BLACK HAWKS

Take Big Lead in Series at Coast for Totem Hockey Trophy

By ART KRENZ

Many golf players come to grief in their anxiety to put as much force as possible into the stroke as they can. In an effort to hit hard, golfers often cause the body to turn too far for arms and clubbing on the downswing; also, they get the wrist action into the stroke too quickly after the downswing is started. This often results in a cubed shot.

If a correct position and steady balance is achieved at the top of the downswing, the club will be in the right position to strike the ball.

Blackhawks won the first game of the two Chicago series. The third game between the two National Hockey League teams will be played Friday night.

Conacher punched in three corners and assisted in another. Red Horner, Bill Thomas and Harvey Jackson were the other Leaf scorers. Bill Kendall and Norman Mann drove in the two Chicago tallies.

HORNER PICKS FIRST
Horner picked up Conacher's pass for the first goal after 4:45 of the initial period. Less than 30 seconds later Conacher snipped home an unassisted goal and Thomas on a double assist from Buzz Bull and Gordon Drillon scored the third Toronto marker of the period before Louis Trudel's pass was converted by Kendall for the first Chicago score to end the period's scoring.

Conacher opened the middle session scoring on a double pass from Jack Shill and Harvey Jackson. Late in the period Mann co-tered Trudel's pass and final goal. Jimmy Goulet assisted.

Harvey Jackson and Horner combined with a solo effort and Thomas scored a goal for the Leafs.

CRONDELLE SOFTBALL
An enthusiastic meeting of the Cranston Community girls' softball team was held at the home of Mrs. Thomas. The following officers were elected for the coming year: president, Betty Montgomery; vice-president, Minnie McGiffin.

15-Team Community Soft Ball League in Operation On May 5

BIGGER MONEY
IN STORE FOR
GOLF TOURNEY

By ART KRENZ

TORONTO, April 30.—The Canadian open golf championship will be an attractive financial investment for the master and journeyman professional this year, according to an announcement last night by the Royal Canadian Golf Association.

A gold trophy, presented to the association by the Seagram's Company, will be emblematic of the open championship. The Rivermead trophy, which has gone to former champions of the event, will be presented to the Canadian pro making the low score in the open.

"In addition," said the R.C.G.A. announcement, "the association has a special prize money of \$500 as previously. It will also receive the association to give special prize money to Canadian professionals competing in the open championship."

The tournament will be removed from private clubs for the first time in its history. It will be played at the picturesque St. Andrew's club, a few miles north of Toronto.

PLANS COMPLETED
Definite arrangements have been completed by the executive for the operation of 15 girls' softball teams. This league will commence on May 8 and operate over a period of some three months. Mr. Bullock, who is secretary of the league, expects a great deal of interest in girls' softball and the league's appearance appears to be high.

The softball teams are also looking forward to the formation of an all-star team when play-off season arrives. The financing of such a team was also discussed and decided upon at a later meeting.

FEMALE MONOPOLY
It was felt by some members of the executive that too much attention was being paid to the female end of sport, while the arrangements for boys' softball had been left to the boys' association. There was little possibility of coming to any decision at the meeting on the subject. Mr. Miller, on Father Woodhouse's proposal, was instructed to call a meeting for next Monday, May 4. The purpose of this is to form boys' and girls' softball teams, and arrange for their playing and playing fields at the earliest possible date.

The stadium will be able to accommodate 90,000 and 100,000 for boxing and the Louis-Schmeling match may be a sell-out.

Boxers To Get Increased Prices
NEW YORK, April 30.—Boxing officials returned to the boxing industry as Mike Jacobs announced a \$40 tip for the heavyweight bout between Joe Louis and Max Baer scheduled in the Yankee stadium June 18.

Since the last year's series of 1923-29 has any promoter dared to boost the ante so high and no other tickets, for a non-championship bout, listed for public sale, were ever carried so expensively. The "patron" price was \$100, while the "patron" price was \$100, while the "patron" price was \$100.

Scaling his prices from \$3 to \$40, Jacobs predicted the 1929 bout between the Detroit destroyer and Schmeling, former holder of the title, would draw a gross gate of \$150,000.

With the completion of alterations, the stadium will be able to accommodate 90,000 and 100,000 for boxing and the Louis-Schmeling match may be a sell-out.

EVERY OFFICIAL WEATHER FORECAST FROM A METEOROLOGICAL OFFICE, REQUIRES THE COOPERATION OF AT LEAST ONE HUNDRED PERSONS.

A meteorologist, or "weather man" cannot give out forecasts until at least a hundred persons over the earth have transmitted to him the findings of their observations. From these, he draws his maps and formulates his own conclusions as to the weather probabilities.
